i. Sponsor Bonus (Weekly)

The bonus is based on the first purchase and upgrading order amount of the sponsored member. International markets may set the bonus amount based on individual market's situation.

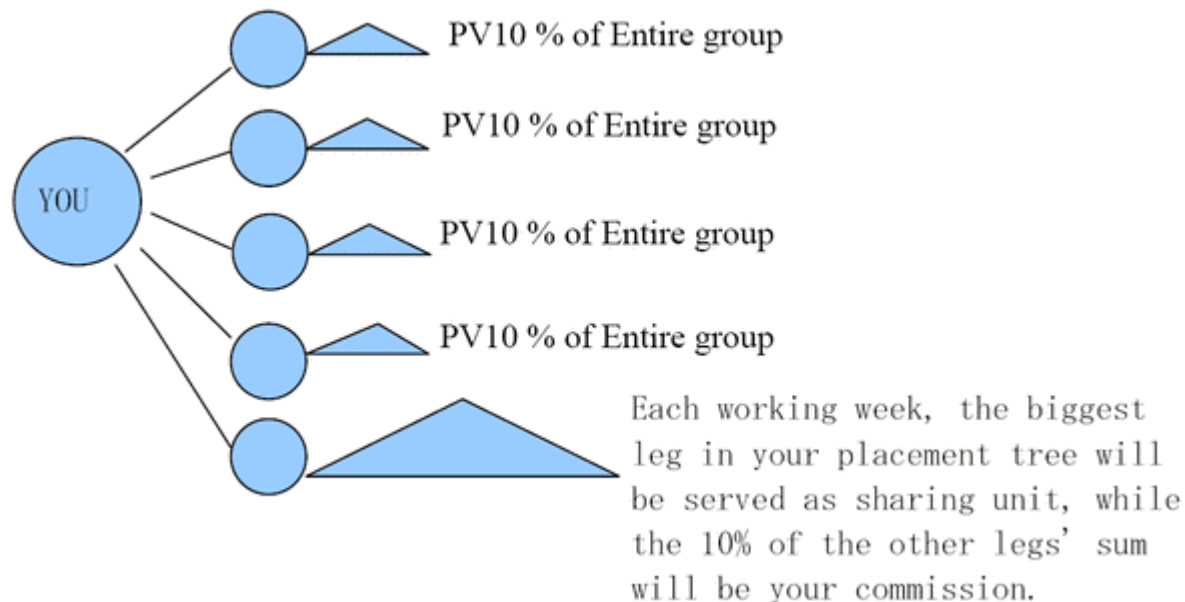

ii. Multiplier Bonus (Weekly)

1) Individual Multiplier bonus is based on PV generated by member first purchase, upgrading, and repeat-order. (1PV is equivalent to 1USD)

2) Each working week, the total volume generated by each leg in your placement tree is computed. You will receive 10% per working week in commissions on the commissionable volumes generated in your lesser legs. (max. up to 4 legs)

The calculation method is as follows:

Multiplier Bonus = 2nd Line Group Sales Volume (PV) x 10% + 3rd Line Group Sales Volume (PV) x 10% + 4th Line Group Sales Volume (PV) x 10% + 5th Line Group Sales Volume (PV) x 10%

Gold Member	-	1,500	PV	per	leg
Platinum Member	-	6,250	PV	per	leg
Diamond Member - 10,000 PV per leg					

Membership Level	Weekly Max. Payout	Monthly Max. Payout
Silver Member	500PV x 4 legs = 2,000PV	2,000PV x 4 weeks = 8,000PV
Gold Member	1,500PV x 4 legs = 6,000P	6,000PV x 4 weeks = 24,000PV
Platinum Member	6,250PV x 4 legs = 25,000PV	25,000PV x 4 weeks = 100,000PV
Diamond Member	10,000PV x 4 legs = 40,000PV	40,000PV x 4 weeks = 160,000PV

The difference between the volumes of the greatest and the lesser legs `sum will be carried over to the following working week. The maximum volume that can be carried over per working week:
